

Dear Birthparents:

We appreciate you taking time to read our letter and that you are considering adoption for your child. We can only imagine how difficult of a decision this is for you. We hope through this letter you can get an idea of what kind of life your child would have if you chose us as your child's parents.

We have been married for five years and have tried multiple infertility treatments throughout our marriage. When we could not get pregnant after all the treatments, we knew we wanted to adopt and are very excited to be in the process and getting closer to having a child of our own.

Information about Bret

I am the oldest child in my family and have three sisters. I was raised in the country and love to be outdoors. I have worked as a welder for 13 years at a small local company. When I am not working I love to fish, hunt, play sports, and enjoy spending time with my wife Danielle.

Information about Danielle

I am in the middle out of four children in my family. I have two younger brothers and one older sister. After high school I went to technical college and graduated with a diploma in child development. I have worked at a local Chiropractic clinic for the past 5 years, and I also have worked with a child with autism for the past 8 years on a weekly basis. When I am not working I love to spend time outdoors running, biking, or walking my moms dog. I enjoy any time Bret and I spend together relaxing.

Our marriage life

We only dated for a short time before we got married. We both knew we were meant to be together and are best friends. We were disappointed to find out that we couldn't have children, because we both love kids and have always wanted children of our own. We are really excited to be adopting and this was Gods plan for us.

We are wanting to adopt locally in Minnesota and want to adopt a Caucasian child. We would like to adopt two children and do not care if we have boys or girls.

Thank you for reading our letter and if you would like to get more information about us, please contact Catholic Charities. We would be happy to answer any questions you may have.

God bless,
Bret and Danielle
