

Dear Birthparents,

Hello and thank you for viewing our profile. Without amazing people like you we would not be able to become parents. We cannot imagine the emotions you must have as you consider adoptive placement. We appreciate your self-sacrifice and selfless decision to place your child for adoption.

### About Us

We have been married for over 3 years and have been together over 5 years. We first met on a vacation in Jamaica in 2003, fell in love, and have been inseparable ever since. We are each others best friend and support each other in every way. We make it a point to connect with each other every day and this has made our marriage stronger. As parents, we would provide a home full of unconditional love and support. We also love cuddling with our "4-legged" kids (dogs) and they cannot wait to have a new brother or sister. They are great with children and are gentle and kind.

### About Kaytee

Kaytee was born in Boston, Massachusetts and lived in 2 other states as a child. At the age of 12, her family settled in Minnesota and has stayed there ever since. She is the middle child and has an older and younger brother. Her older brother and his wife have 6 young children and look forward to playing with a new cousin.

Currently she is working on her RN nursing degree and will graduate in December of 2009. When Kaytee graduates she will have flexible schedule that will allow her to spend most days at home with her family. Kaytee likes to acknowledge everyone's accomplishments, birthdays, and anniversaries. Kaytee is loving, loyal and enjoys life.

### About Craig

Craig is the youngest of 2 and has an older sister. Craig's sister lives 3 miles away and has one young daughter. She cannot wait to have a cousin to share her toys with. Similar to Kaytee, he grew up in another state, but eventually ended up in the Midwest too. Craig is honest, kind and hilarious. He loves spending time with his nieces and nephews and riding his 4-wheeler. He is employed as an auto technician at his family's reputable repair shop.

We plan to adopt 2-5 children and will consider adopting twins. Craig and Kaytee live in a split-level home with 4 bedrooms in a kid-friendly neighborhood and have 2 parks within walking distance. We are open to sending pictures, letters and would be willing to arrange visits too. We would love to share information about you with the child if you would like us to. Thanks again for reading our profile and considering adoption. If you would like more information about us, contact Catholic Charities.

Sincerely,  
Craig and Kaytee
