

Dear birthparents,

Thank you for considering adoption as a plan for your child. Should you decide on adoption your most difficult decision will be the greatest blessing and joy for the family that you choose. We pray for you and hope you find peace in the decision you make.

About Erik

I grew up in the country on a small dairy farm in a family of six. I am the oldest of four siblings with two sisters and one brother. I have a Bachelor of Science Degree in both Management Information Systems and Business Administration and currently work as a Senior Analyst/Programmer in the Information Technology field. In my free time I'm active in basketball and softball leagues and also enjoy getting out on the golf course.

About Kristi

I am the youngest in a family of four I have a brother who is two years older than me. I have a Bachelor of Science in Biology and work at a medical facility as a laboratory technologist. Outside of work some of the things I enjoy doing are spending time with Erik, shopping trips with my friends or family, camping, exercising and sports.

About Erik and Kristi

We grew up in the same small town and were classmates in school. We started dating in 10th grade and have been together for 13 years, married for almost 6 of them. We enjoy spending our time together and share a lot of the same interests such as camping, shooting hoops in the driveway, taking Molly (our dog) for walks, biking and going for a run. We have very open communication and can talk to each other about everything.

We started trying to build our family about 3 years ago but unfortunately suffered a miscarriage early on. It was then doctors discovered Kristi was born with an abnormality that causes difficulty in conceiving and carrying a baby to full term. Although we were saddened by this news, we are excited to finally meet the child that God has planned for us.

We are open to many different races and ethnicities, a boy, a girl or twins. We understand the importance of birth parents in an adopted child's life and so are open to communication through letters and pictures if you would like that.

Thank you for taking the time to read our letter. Please contact Catholic Charities to read more about us and see more pictures, or to set up a meeting where we can answer any questions you might have.

Sincerely,
Erik and Kristi
