

Dear Birthparents,

We can only imagine how difficult the decision is for you to consider adoption for your child. We commend you for your courage to bring a baby into this world and create an adoption plan. Your loving choice enables couples like us the opportunity to grow a family through adoption.

We've been happily married for ten years. We're unable to conceive children, and realize that God has another plan for us. We've decided to grow our family through adoption. Our family and friends are very supportive and share in our excitement as we begin this new chapter in our lives.

Information about Jason

I was born and raised in a small, rural community. I have one brother who is four years younger than me. After high school, I attended a technical college to receive my degree in automotive repair. I work full time as an auto technician at the repair facility owned and operated by my family. I also have a farm partnership with my brother. Together we harvest 400 acres of rented farmland. When I am not working, I enjoy hunting, fishing, watching sports, rebuilding vehicles, and spending time with my wife and our springer spaniel, Jack.

Information on Christine

I am the second oldest in a family of eight children. I have two brothers and five sisters. I received an AAS degree in Marketing/Management/Sales. I am employed at a local gift shop where I set up displays, design floral arrangements, and assist with buying decisions. I enjoy sharing my passion for decorating with others and love encountering new design challenges. If I choose, I can be more flexible with my schedule when establishing our family. In my free time I enjoy scrapbooking, card making, knitting, painting, gardening, and landscaping. I also share my time and talent by volunteering for church functions and serving on our school district's Blue and Gold Foundation.

Our married life

Ten years of marriage has given us the opportunity to grow as a couple as well as explore our individuality. We value our time spent together and try to make the best of any situation. We share the love of the outdoors. We enjoy Sunday afternoon rides with the top down, boating, biking, camping and picnics. We also enjoy relaxing at home, watching movies, spending time with family and friends, and playing with our dog and two cats.

It is our intention to adopt at least two children. We do not have a preference of gender and would consider adopting twins. We are open to sharing pictures and letters with the birthparents and would consider it a blessing to be able to tell our child that we met their birthparents, if you should choose. Thank you for your time and consideration. If you would like more information on us, please contact Catholic Charities. We will be happy to answer any additional questions you may have.

God Bless You,
Jason and Christine
