

Dear Birthparents,

“Thank-you for taking the time to review our profile.” We can only imagine how difficult this decision is for you to consider adoption for your child. We hope that this letter will help you start a process in getting to know us better. We feel that you are amazing individuals for choosing to give your child life. “Thank you for choosing to place your child for adoption.”

After being married for 5 years we were ready to start a family, and found out that we were not able to have children on our own. This was very hard for us, we realized that God had another plan for us, and that is when we chose adoption. Children are such a beautiful gift, and we look forward to the completeness that they bring to a family.

Information about Rusty

I am the youngest of 6 children with 3 older sisters, and 2 older brothers. I was raised on a farm in a small rural community. After high school, I attended a technical college and received a 2 year degree as a Service Technician. I work for a construction company as a shop foreman. When I am not working, I enjoy hunting, fishing, camping, tractor pulling, and spending time with my family and friends. My wife Vicki and I enjoy our quiet time with our 2 dogs, or spending time together around a campfire sharing in conversation.

Information about Vicki

I am the youngest of 2 children with one older brother. I was raised in a small community. After high school, I attended a community college for 2 years. I have recently decided to make a career change and pursue a job in daycare. I would love to have a job where I can have children in my life everyday. In my spare time I love gardening, cooking, camping and spending time with family. My husband Rusty and I simply enjoy spending time together.

Our marriage and life

We were married after dating for 3 years and have been happily married for 10 years. One of our biggest challenges was finding out that we could not have our own biological children. We are now very excited about our decision to adopt and look forward to sharing our love with a child to make our family complete.

We would like to adopt at least 2 children and do not have a preference of girls or boys. We are open to sharing letters and pictures with the birthparents of our child. We want our children to know about their birthparents if you are open to that. We would like to adopt a Caucasian or Caucasian / Hispanic child.

Thank you for taking the time to read our information. If you would like to know more about us, please contact Catholic Charities. We would be happy to answer any further questions that you may have. Thank you again for choosing to give your baby life. You are in our thoughts and prayers,

Rusty and Vicki
